

## Cannot downgrade my device to versions lower than 09.1.10

Christoph Strauss - 2024-03-28 - Classic Switches

Due to the discontinuation of components, we had to replace a flash memory component, which affects the software version that can run on these devices.

### Affected products:

Please note that this notification is valid only for devices manufactured from 2024. If your device was manufactured before 2024, your device can be downgraded to any software version.

- MACH1040 (942004XXX)

| Product   | Production Date                           | Hardware Revision           | Valid Software Range   |
|-----------|---|-----------------------------|--|
| MACH 1040 | First Market Introduction - December 2023 | Revision 1 (with old flash) | All software versions  |
| MACH1040  | January 2024 - Present                    | Revision 2 (with new flash) | 09.1.10 - Latest version (Any downgrade below 09.1.10 is not possible) |

- MACH104 (9420XXXXX)

The following table explains which hardware revision of MACH104 can work with which software version. The hardware revision is written on the product label and can be identified easily.

| Product  | Production Date                           | Hardware Revision           | Valid Software Range   |
|----------|---|-----------------------------|--|
| MACH 104 | First Market Introduction - December 2023 | Revision 1 (with old flash) | All software versions  |
| MACH104  | January 2024 - Present                    | Revision 2 (with new flash) | 09.1.10 - Latest version (Any downgrade below 09.1.10 is not possible) |
